Current position

Full Professor in Computational Mechanics at Ecole Centrale of Nantes.

Education

Mechanical Engineering, Ecole Normale Supérieure de Cachan, France (2000)
Computational mechanics, Ecole Normale Supérieure de Cachan / Université Paris VI, France (2000)
Ph.D. Ecole Normale Supérieure de Cachan (France) (2003)

Career

Full Professor at Ecole Centrale de Nantes in the Department of Applied Mathematics and Informatics, and member of the GeM Laboratory (UMR CNRS): since 2010.
Associate professor at the University of Nantes in the Department of Physics and member of the GeM Laboratory (UMR CNRS): 2004-2009.

Honors and awards

John Argyris award for the best paper published by a young researcher in Computational Mechanics, 2010.

Professional activities

Editorial boards

Mathematical problems in Engineering.

Summary of scientific production

23 papers in peer-reviewed international journals.

54 contributions to workshops and conferences proceedings.

4 keynotes or plenary lectures in national and international conferences and workshops.

31 invited lectures in national and international conferences, workshops and seminars.

7 participations in conference organization as member of the organizing/scientific committees.
